"What new innovations or solutions is your organization investing in over the next 1-3 years to enable digital business?". Base: all respondents (4600) APJC (1300)

**DATA IS YOUR  
MOST VALUABLE  
ASSET**

# DATA DEFINES THE FUTURE

OUR WORLD IS BUILT ON DATA

Why did the monster  
change a lightbulb?

....It was a pirate

A human hand is shown holding a black robotic gripper. The hand has three white adhesive strips on the forearm. The gripper is a complex mechanical device with white and black components and screws. The background is a blurred industrial setting with blue and yellow lighting. The text "The next era of the human|machine partnerships" is overlaid on the image.

# The next era of the human|machine partnerships

**Dominos** 2479%

**Netflix** 2374%

**Amazon** 647%

**Apple** 463%

**Google** 235%

# PIZZA TRACKER

# DELL TECHNOLOGIES AI JOURNEY

# DELL IT: data lake & data science use cases

## Simplified Renewals

Develop Insights around installed base renewals – such as using CALM tool to improve renewal bookings

## Customer Support

Service enabled dashboard with 360° data visualization of the health and wellness of customer's Dell EMC hardware & software

## HR – Voluntary Attrition

90 days early warning on employees with high flight risk

## User Behavior Analytics

Organization-wide threat intelligence layer to predict anomalies when users access EMC Network. Used by CIRC

## Credits & Collections

Predict customer's Patterns and Collection Behavior to improve revenue collection for GBS Services

## Drive Failure Analytics

Optimize Service Costs and user Experience by predicting disk health and failures (VNX, VMAX, XIO)

## Security & Compliance

Improve enterprise and cloud security for Dell and customers via predictive models

## Grow Revenue

Identify new revenues using Predictive analytics

## Increase Efficiency

Drive efficiency and productivity improvements using analytical insights

## Improve CSAT

Provide a better user experience with 360° insights

# Top 5 Barriers to Digital Transformation

## Asia Pacific Region

- 1 Data privacy & security concerns (41%)
- 2 Lack of budget & resources (36%)
