

Building New Operating Models: the Art and Science of Digital Execution

September 2019

CIO EDGE: WHAT ARE YOUR BARRIERS TO SUCCESS?

“Internal conflict, legacy, budgets, inability to transform and unclear ROI are the five reasons for CIOs’ IT initiatives to fail or to be dismissed.”

Top five barriers...

**Conflicting
business
priorities among
departments**

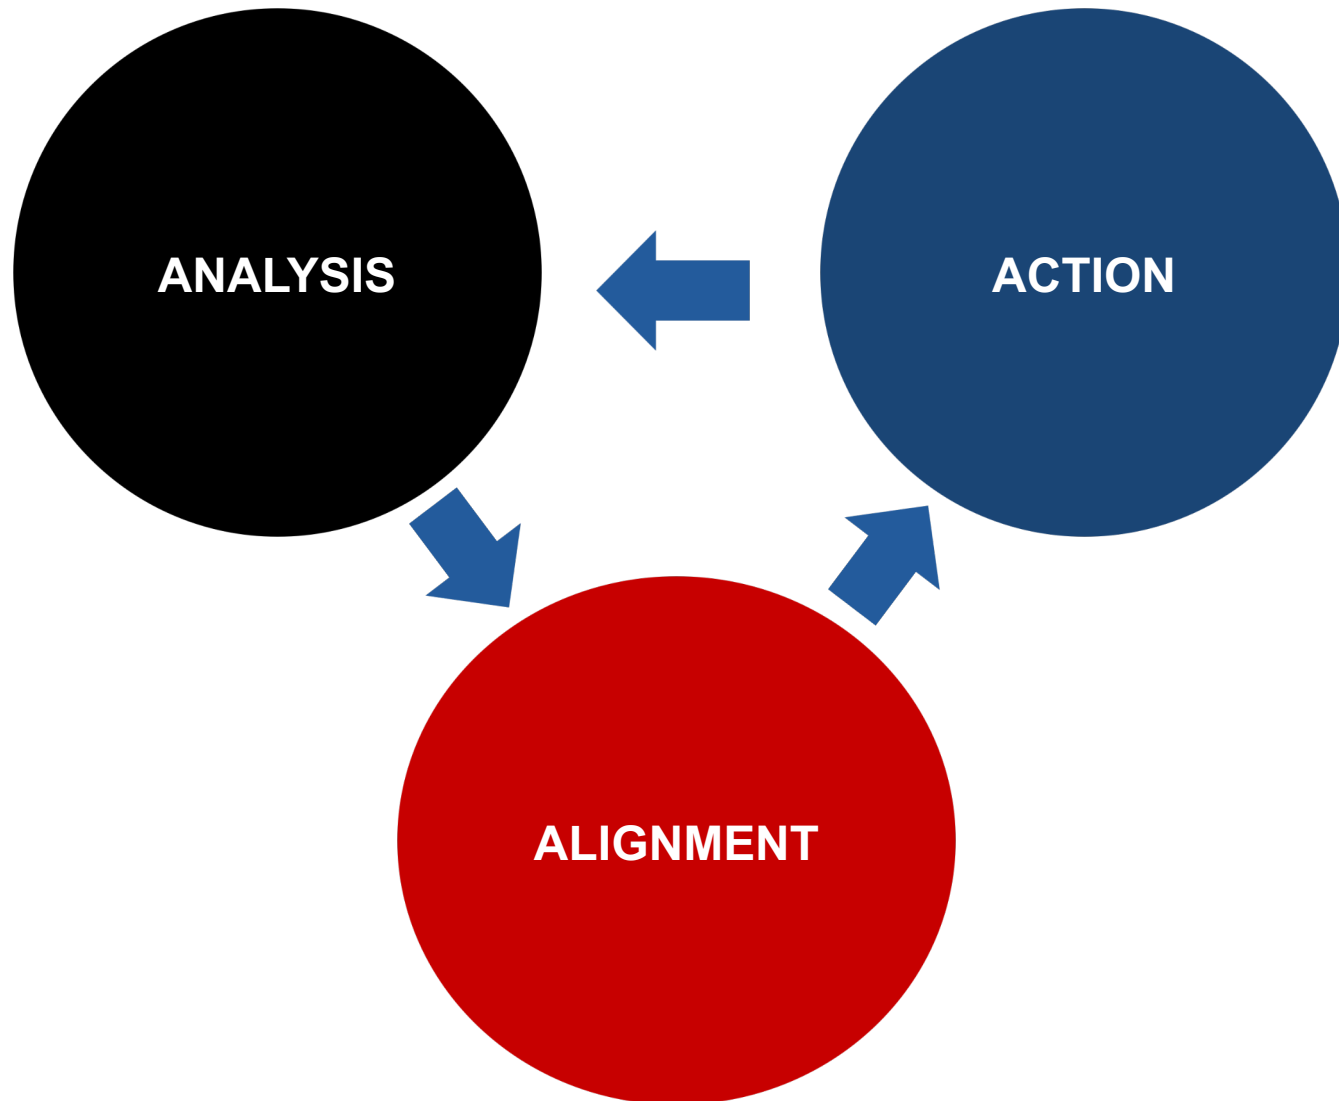

**Legacy
mindset &
processes**

**Lack of budget for
transformational
initiatives**

**Interdepartmental
communication
& collaboration**

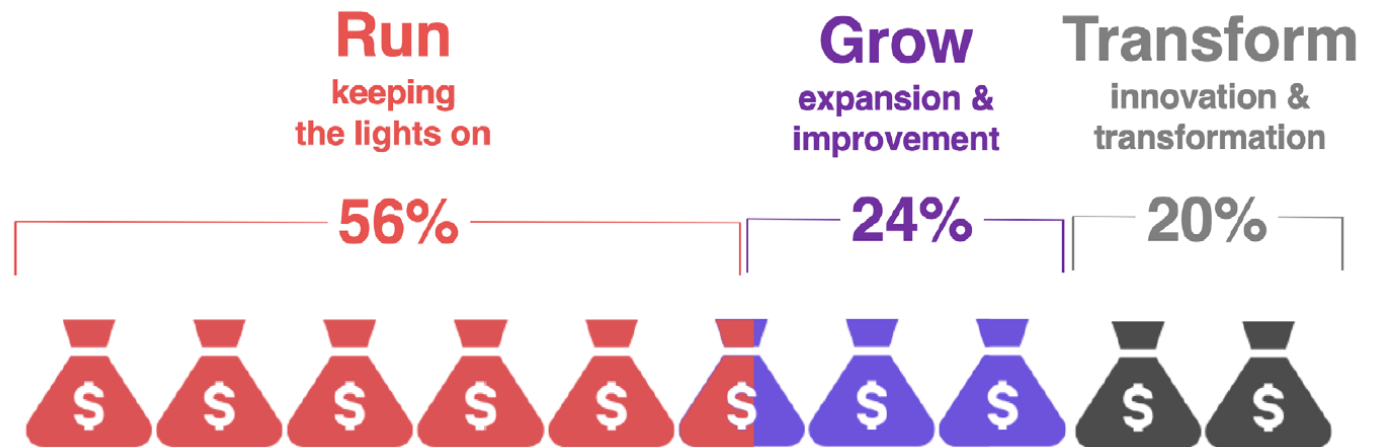

**Difficulty
demonstrating
the ROI of
tech spend or
performance**

Lack of leadership alignment: Companies can't manage the cadence of solution development and alignment

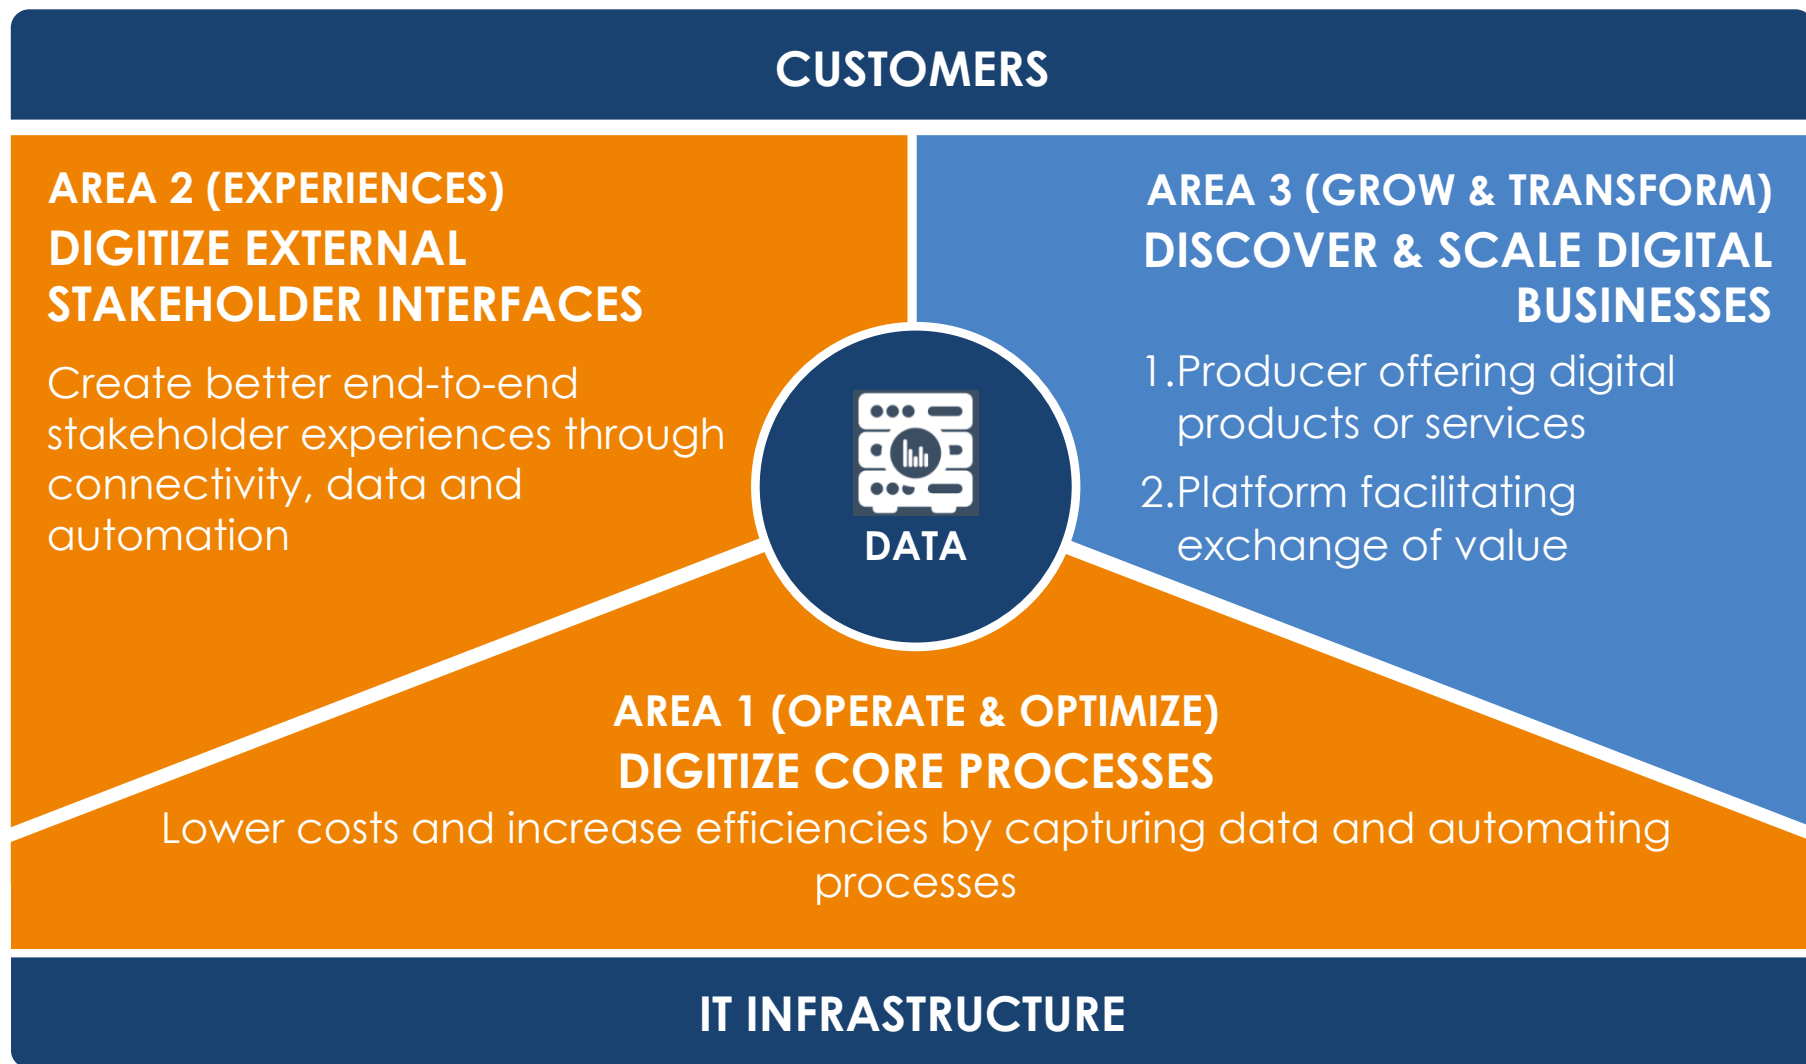

Growth and transformation are a major part of the CIO agenda. . . But what do they mean?

What percentage of the IT budget is allocated to..
